**SOL RACE RECORD**

Ten years after founding Seascapes, Andraž Mihelin and Kristian Hajnšek sold a 60% stake in their innovative small racing yachts company to Beneteau and thus the young designers' Seascapes 27 became a First 27.

Similar to the original Seascapes 18, the First 27 is also a centre-boarder and superlight, displacing a mere 1400 Kg. Displacing also her elderly stepsister, the First 27.7, she weighs in a full metric tonne lighter and features twin rudders hung off the transom of a flat and wide planing aftership, for better control when heeled.

New to SOL in 2020, she is a true downhill racer!
