

Hello LakeSOLers ...

First I want thank the Neenah-Nodaway Yacht Club and all its members.

The race was long, with light wind and can be divided in two parts: the route to the south, easy, and with a few gybes, and the way back to the north, more difficult, requiring many tacks near the East coast.

My real big problem was sleep: in Italy the second half of the race was run in the night and I cut the finish line at 5 am ... Fortunately my wife was in the house in Turin and I in the beach house, so I went to sleep with the computer on the bed and put some alarms for the most difficult times and turn buoys ...

But my third place is not for my skill, I've to thank especially WINDEGG, rafa, Lou and aner59 who missed a mark and other friends/ sailors who abandoned the race due to tiredness ...

Congratulations to sadlersailing and atlet for the perfect race and thanks to kenza and Tyger for the nice final fight.

gooooooo SOLers, Gooooooo, GOOOOOOOOO ...
