

The Neenah-Nodaway Yacht Club is thrilled to have hosted another year of the Lake Winnebago race, and congratulates the podium winners, sadlersailing, atlet and SCARABOCHIO, and all who participated.

Lake "Windy-bago" Winnebago decided to take the day off from it's famous winds in order to allow the Sailonline fleet to enjoy a leisurely sail around the race course. Those who were awake for the finish were treated to a fresh Northeast breeze that ushered in blizzard conditions and strong winds several hours after the podium finished.

Once again, it was a very close finish, with 33 boats finishing within the first 10 minutes! Bravo!!!

NNYC sailors were pleased to have the international SOL fleet spend the day with us, and look forward to participating in future SOL races.
