

A very short Race Report: Mistli's Birthday BBQ 2016

I just tried to find a short, fast and smooth course to the 1. Rounding Mark and I found a good one. Rounding Mark1 to Rounding Mark2 was straight downwind sailing, nothing to talk about. The tricky part was of course the upwind sailing to the finish. I tried to avoid unnecessary tacks and didn't change my tactical plan even when most others tacked to the left. Finally I had some luck with my last tack. I didn't beach and was on a nearly perfect VMG course to the finishline :)

Final last words about Mistli's race:

Sail a good course and avoid BIG MISTAKES.

Fair winds,

HappyHour /October 2016
