

Brisbane to Hamilton Island (A3 2016 – Leg5)

It is always very significant to race in Aaron's circuit.

This time it was a great performance by PetrM followed closely by longleacher. Congrats to both!

As for myself, I got an unexpected podium as Dingo went too wide around Goldsmith Island, just a few miles before the finish; that was a pity.

The fight was tight with the following boats: java, Kipper and Rumskib mainly so congrats to them as well.

Thanks to All for the competition and to SOL volunteers.
