Table with columns representing different categories (DNS, SOT, KER, etc.) for each name listed in the first column. Each row contains 15 data points corresponding to these categories.

Table with 4 columns of numerical data for each name listed in the first column. The numbers range from 0 to 4.

Table with 4 columns of categorical data (CLS, KER, SOT, FAR) for each name listed in the first column. Each cell contains one of these four categories.
