Sprint races in 2018 were set around the world but with a start time that favoured the majority of our participating sailors who live in Europe, Africa and the Americas. Naturally when we had a buddied Sprint race in Australasia we used their local start time.

With the Sprint races spread around the world there was no good reason to group them to half-years as in 2017 so the quarterly results prevailed.

Apart from two races where Kipper1258 did not start he had six podiums out of ten and four more results in the top ten. An awesome series from Kipper1258 who was nineteen points clear of bonknhoot who was a further twenty-three points clear of third place sassy63 – there is life in him still.

The Sprint Championships will continue into 2019 and with four races per quarter with locations and start times reflective of our participants.

The NOR will soon be published on the SOL home page for your information.

We hope you enjoyed Sprint Racing in 2018 and the races that we will offer you in 2019.
