Sprint races in 2019 were set around the world with a start time that favoured the majority of our participating sailors who live in Europe, Africa and the Americas. Naturally when we had a buddied Sprint race in Australasia we used their local start time.

This year saw a spectacular performance by **WINSTON_4** who was simply streets (or more accurately 'part of a leg') ahead of his opposition. With total points of just 40, he won one race, was 2nd in four more and had three 3^{rds}, three 4^{ths} and two 5^{ths}. Even his discards were 6th, 9th and 20th!

Some 61 points behind **WINSTON_4** was **sassy63** with 101 points. **sassy63** won two races and had two 3^{rds}, two 4^{ths}, two 6^{ths}, just one 8th, two 12^{ths}, an 18th and a 23rd.

Third in the Sprint series was **brandystrega** with almost double **sassy63**'s points with a total of 197. Just one single figure placing but otherwise a steady result in the teens with three results in the twenties. Clear evidence that persistence pays off as **sassy63** was discarding results in the high twenties and low thirties.

The Sprint Championships will continue into 2020 with four races per quarter with locations and start times reflective of our participants.

The NOR have been published on the SOL home page for your review at:-
