

The Inaugural Quahog Cup 2020

My husband and I have never sailed in a race before (virtual or real) and decided to try it because we have a sail boat that we have only taken out a few times, from Sail Newport and we wanted to get the feel of what a race might be like.

We ended up finishing in the top 25%, and placed 153.

It was really fun, since everyone is under orders to Shelter in Place because of the coronavirus precaution.

Thank you to the organizers and to the other sailors.

The comments that people were making were great and the hints were great too. We had no idea what to do at Dutch Island, but we guessed correctly.

thanks again,

that was fun!

Mary & John
