POLAR DIAGRAM

SOL RACE RECORD

CR stands for Cristiano Ronaldo; RC for Russell Coutts. 3 Premier League titles, 2 La Liga's, 1 Serie A, 5 Champions Leagues. 1 Olympic Gold, 2 America's Cups, 3 World Match Racing Titles. But CR never designed a boat. RC did, the RC44. Conceived in 2006 as a no-holds barred mini-America's Cup (of that era) yacht, the design and the '44Cup' fleet/match racing circuit continues to have a loyal, elite, 10-team fan base.

Adjacent you see the British team 'Peninsula Petroleum' photographed by SOLer bonknhoot off the rocks in front of Fort St Angelo in 2013, racing hard on Valletta's Grand Harbour, one of the regular venues on the circuit. The polar is an interpretation of late SOLer psail. She's not an offshore boat, but should we sprint this beast more often?
