

NEWPORT BERMUDA 2020

I have sailed on SOL since 2008 and it was my 5th podium, so it was of course fun.

About the sailing. Pure luck! Well almost – a day into the race I realized that I should not be too far from the rhumbline, and I stuck to that.

That last 24 hrs was just a drag race to the finish with no passing lanes, and the challenge was to avoid mistakes when rounding the last to marks, which I managed.

That's about it!
