

Rankings by Nation

Quarterly update from SRC

2020 - FINAL

At the end of the full year 2020, or 101 races in all, we can say that the fight for podium places and therefore for medals has been very fierce both in the Individual arena and the Team one .

The fight for top spots in the **Individual** Rankings by Nation has seen a “ head to head” till the very last couple of races, in particular for second place between The Netherlands and Australia. The leadership of Poland has really never been too much in danger.

As to **Team** rankings the thriller has been for Silver , where Australia and Italy continued to have even points for a longtime , with an edge for Australia due to possible tie breaking in its favor. The first spot has always been a private Business for the USA since mid of 2020 . Only a very few races before the end of the year Italy sprinted to second position and got Silver by minimal margin.

In Detail:

INDIVIDUAL: **Poland** has taken the GOLD medal in Rankings by Nation (Individual) with 19 victories , four points above **Australia** who takes SILVER with 15. Third and BRONZE spot for **The Netherlands** with 14 , just one victory less than the Silver medalist.

WRmirekd has been by far the protagonist **Polish** skipper for individual points , as well as **Kipper1258** has been the one amongst **Australian** skippers and **bonknhoot** the one amongst **Dutch** skippers.
