SOL RACE RECORD

Designed by Bruce Farr and built by Beneteau, the First 44.7 was presented in 2004 in two versions, a cruiser and a racer (the two different keels in the GA picture).

It quickly became very popular for its fine sailing qualities, and was selected as the best cruiser/racer in the 2005 Boat of the Year contest by Cruising World.

It was incorporated into the SOL fleet in 2013 and you can see its record via the link below.
