SOL RACE RECORD

SOL's polar for the 90m barque was modelled on a Sail Training International Class A vessel, such as the Venezuelan Navy's "Simón Bolívar" shown in action photo adjacent, by SOLer 76Trombones, using performance notes for Germany's "Gorch Fock", a near sister ship of the "Simón Bolívar".

Launched on SOL in 2013 for that year's race from Riga to Szczecin on the Baltic Sea, the 90m barque's full SOL Racing Record can be found via the link below.
