SOL RACE RECORD

Formula 18 catamarans are fast, colourful catamarans with spinnakers.

Formula 18 is a two-person catamaran built around a box-rule that has given many different designs. Many will recognize the Hobie Tiger, Hobie Wildcat and the Nacra Infusion (on the picture), which is the model for the SOL F18.

F18 has a top speed of 25/30 knots (about 55 km/h). It goes without saying that it is a screaming experience and an exciting challenge.

The debut in SOL was in the Texel Race 2011, and it have been used frequently ever since. Check the link to the racelist below.
