

# Rankings by Nation

## Quarterly update from SRC

### 2022 end of Q1

---

At the end of First Quarter 2022, or 26 races in all, we can look at a “provisional” situation strong enough to promise little change during the rest of the year, but also able to see fierce fighting for some spots and medals.

In a nutshell :

The TEAM rankings situation leaves very little space for comment : the USA have been first in 17 out of the 26 races . The Team is very strong , and has the possibility , due to its numbers , to alternate SOLers on top , almost always assuring the best team score.

Also the INDIVIDUAL rankings are sort of monopolized by Poland ( 8 out of 26 ) but the situation is more fluid and open to eventual change during a still very long year.

In Detail:

**INDIVIDUAL:** **Poland** leads the ranks with 8 victories, followed at distance by Brazil and The Netherlands plus a pack of 10 Nations with between 1 and 2 victories each. The fight seems very open for second and third , although it is too early to say that gold is attributed.

**SKIPPER: (For medals)**

As most of you are by now aware we have in place a scheme aimed to reward that Skipper (Individual) or those Three Skippers (Team) who more than others have contributed to the final position of his/her/their National Flag in the Rankings by Nation. The scheme rewards participation as well as results.

We are now in the position, at the end of this first quarter, to simulate which Skippers would be rewarded **IF** the situation would be that of year end 2022:

**INDIVIDUAL SKIPPER:**

**Poland** as you have seen is in **GOLD** position. The Polish Skipper with more points than any other one is **WRmirekd**, with 109 points. If this will be the result at the end of 2022 he

would receive a large Gold Medal to record his achievement in the Rankings by Nation (Individual).

**Brazil** is today in **SILVER** position. The Brazilian skipper with more points than any other one is **Vida\_Maldita**, with 105 points. If this will be the result at the end of 2022 this skipper would receive a large Silver Medal to record the achievement in the Rankings by Nation (Individual).

**The Netherlands** is for now in **BRONZE** position, and the Dutch Skipper with provisional best individual result is **bonknhoot** with 50 points. If this will be the result at the end of 2022 he would receive a large Bronze Medal to record his achievement in the Rankings by Nation (Individual).

Hopefully reading the above simulation everyone will enjoy a better understanding of the Skippers reward mechanicals for Nations Rankings. (Individual)

#### **TEAM SKIPPERS:**

**USA** is leading the Team rankings and the three skippers with best "USA Team by Nation" score are: **FreyjaUSA (295)**, **Pit8008 (278)** and **sailj29 (258)**. If we were now at year's end these three skippers would receive (each) a Gold large medal for Team rankings by Nation for USA's victory in the scheme.

**Italy** is in SILVER at the moment, ( thanks to better number of second places) and the three Skippers with best "Italian" Team score are: **Sax747 (363)**, **brandystrega (268)** and **Cippalippa (140)**. If we were now at year's end these three skippers would receive (each) a Silver large medal for Team rankings by Nation for Italy's' second place in the scheme.

**G.Britain** is in BRONZE position at the moment, and the three skippers with best "British" Team score are: **Chipspitter (454)**, **Taffarazzi (448)** and **Go4iT (392)**. If we were now at year's end these three skippers would receive (each) a Bronze large medal for Team rankings by Nation for Britain's third place in the scheme.

Hopefully reading the above simulation everyone will enjoy a better understanding of the Skippers reward mechanicals for Nations Rankings. (Team)
