

SSANZ PIC Insurance 2022 - Report

By Extractor

On a beautiful day in Auckland, with steady non-shifting winds, the race proved to be exciting and close. The top boats were within 0.03 miles of each other throughout the whole 20 miles. Sassy pulled out the win within the last 3 minutes of the race. But boats 4-9 were all within 5 seconds of each other. On the podium were Sassy, Extractor and Tyger. Congratulations to them and all the close finishers.

This is only my second finish in the top ten, and my heart was beating fast for the whole race.

Also, a big shoutout to Wsguerin. His zoom meeting right before the race was a nice way to talk to others, and a nice way to start the race.
